<b>CEI Evaluation</b>	08/26/2013	Activity Location:	NJ	By:	STATE	Identifier:	001	Person:	NOMPK	Suborganization:		Found Violation:	NO
NOC Date:		Citizen Complaint:	NO	Multimedia Inspection:	NO	Sampling:	NO	Not Subtitle C:	NO	Day Zero:	08/26/2013	Focus Area:	
Eval. Notes:	NJ Sports and Exposition Authority (NJSEA) owns and operates the Meadowlands Sports Complex. In the operations of this large complex, hazardous waste in the form of spent gasoline D001 from vehicle incidents, used oil -non-hazardous, Universal Wastes (florescent bulbs and lighting fixtures), batteries from vehicles, and miscellaneous wastes may be generated from the operation. At the time of inspection, NJDEP inspected the common areas and found no hazardous waste stored on site. However, NJDEP and NJSEA representatives inspected the previous operated "NJ State Police Blood Lab in the old, now defunct Horse Paddock. The only place that wastes were found was in the Paddock, located in the old hazardous waste room and in some of the old laboratories. (see photos in attachment). The building is ready for demolition at the time of inspection. These findings of hazardous wastes immediately halted the demolition project until all the wastes were collected from the Paddock. Because the State Police moved from the Paddock a few years ago, NJSEA decided to pay for the removal of these lab wastes from their operational budget and used this EPA Id number. This was acceptable. Manifest #002015657 GBF dated September 27, 2013 identifies 15 pounds of D001, D002 and U151/D009 wastes, along with 20 pounds of toxic liquids, NOS shipped to Cycle Chem. This waste stream is a one-time shipment by NJSEA. NJSEA is considered a CESQG for the operation of the complex. The last RCRA inspection was performed in August 2001 at which time the only waste reportedly generated was the Paddock Building laboratory waste.
